

Family Values 1996

prehistoric family values

traditional family values

nontraditional family values

transnational corporate family values

ani and bob family* values**

If only more of us could remember
that the original message which preceded
what this holiday season has become ...
was that the whole human race is our family ...

best wishes

Ani & Bob

Footnotes:

- * Borrowed kids, to model desired whole family photo
- ** Every time a Christmas card kid photo arrives, bob says:
"Yes, nice kids,
BUT WHERE ARE THE PARENTS?"
Whatever happened to good old fashioned Christmas
FAMILY photos? We want to see ALL of you.
