

It's that time of life...  
...the big "five oh"

Fifty, cinquanta, cinquenta, cinquante, caoga, ??????, ? ?d?? , ? ????,

fünfzig, vijftig, pe????ta , ?????????, ??????, ? ? , ? ? , ...

No matter how you say it, 6 feet of toes and 4 hands of fingers  
make **50** a milestone for humans that cannot be ignored.

Fortunately ✍ you are still "young" compared to not so long ago when  
you most probably would have been dead of old age by now ✍.

Best wishes for the next half century.

with love ? and friendship,

bob and ani
